## Foot Switches: Single, Double and Triple

FCR6918P

FCR6919P

CUSTOM DOUBLE

CUSTOM TRIPLE

The **CLIFF**<sup>®</sup> range of Single, Double and Triple Foot Switches are designed for any application, which requires an extremely durable, functional and attractive Foot Switch. Uses include musical instrument equipment and automated machinery, which requires foot controlled operations. Manufactured from 1.6mm thick powder coated steel, the standard units incorporate double pole ON/OFF switches and integrated 15ft cable with a mono or stereo jack plug molded onto the other end. Other options such as momentary switches, custom screen-printing, custom wiring and LED indicators are available subject to a reasonable order quantity. Manufactured and assembled at our factory in China.

### Significant features include:

- **CLIFF**<sup>®</sup> brand latching or momentary switches.
- Optional coloured LED's for switch identification. Standard colours red, green and yellow, other colours available if required.
- Choice of output connectors - DIN Socket, D-Connector, Jack Socket or Cable.
- Units can be supplied unassembled to facilitate PCB connection.
